

AIS Home Site Plans Changed

The North Central Michigan Mental Health Services Board unanimously voted at its regular meeting last Thursday, October 9th to withdraw plans for construction of AIS homes in three Grayling Township sites which had provoked such widespread opposition.

According to board member Jeannette Kitchen, the three sites include Clough's Subdivision, Sherwood Forest and Redwing Terrace. Plans will proceed with the development of the Alternate Intermediate Service Home in Frederic Township where no opposition to its construction was voiced.

The board will now look for alternate Crawford County sites for installation of the three homes, each of which will house six developmentally impaired residents.

Construction was to have commenced in November on the homes and the decision to move to other sites will cause a considerable delay in the program, the board has noted.

Woman's Body Found in River

The Crawford County Sheriff's Department is investigating the death of a local woman whose body was in the North Branch of the AuSable River Monday morning around 10 o'clock.

The victim was identified by Sheriff's deputies as Lillian Bottoms, 69 years old, of Lovells Township. The cause of death was drowning according to officers. The sheriff dept. is requesting assistance from anyone seeing this person between Oct. 12 around 6 p.m. and Oct. 13 around 9 a.m. walking on North Down River Road by the Kellogg Bridge. Anyone with information is asked to contact the Sheriff's Dept.

No foul play is suspected, however, an autopsy was ordered and the Michigan State Police Crime Lab is assisting in the investigation.

In other departmental matters, sheriff's deputies were called out to investigate 77 complaints during the past week. Breaking and enterings and larceny investigations topped the complaint list, seventeen having been reported during the period. Seven arrests were made for various offenses, and a like number of suspicious behavior complaints were checked.

Other matters on the police blotter included six malicious destruction of property complaints, four prowler complaints, four car/deer accidents were checked and three personal injury accidents were investigated.

Other complaints recorded included a stolen vehicle, disturbance, hit and run, DUI, trespassing, recovered wallet and purse, open liquor in vehicle, lost hand gun, burglar alarms, windshield shot out and a no-injury rollover.

The ambulance was called out on nine occasions during the period.

Tax Proposals Too

Town Meeting To Feature

"Meet The Candidates" Here

The first in what is hoped will be a continuing series of open forums has been scheduled for Thursday Evening, Oct. 16 in the Grayling High School Auditorium. The event has been planned by the Crawford AuSable Community School Program under the direction of Howard Taylor.

This first "Town Meeting" is scheduled to get underway at 8:00 p.m. and many of those whose names will be appearing on the November ballot have indicated they would attend.

The purpose of the meeting is to allow local residents an opportunity to meet and hear the various candidates they will be casting ballots for at the General Election.

Also, to be included in this first "Town Meeting" will be a discussion of the various tax proposals which will be appearing on the ballot in November also. This presentation will be one of information only, with no emphasis or preference indicated.

Each tax proposal will be discussed individually as to what the proposal will and will not do. Members of the audience will be able to ask questions of both, the candidates present and the person who will discuss the tax proposals.

There is no charge for the "Town Meeting."

ABWA Fashion Show Oct. 23rd

The American Business Women's Association is presenting a Fall Fashion Show on Thursday, October 23rd in the Evergreen Rooms at the Holiday Inn. The theme of the show is "A Family In Grayling".

The show will begin at 7:30 p.m. Intermission Entertainment will be provided by the Grayling High School Jazz Band.

The cost is only \$3.00 per person and tickets are available from ABWA members, Rochette's Party Store and the Scrub Board Laundromat. Proceeds go for Educational Scholarships.

Students Out Early

Teachers To Attend

Workshop October 16

Thursday afternoon, October 16, teachers of the Crawford AuSable School District will be meeting in the Grayling High School Library for a specially designed inservice workshop which will be presented by members of the C.O.O.R. Intermediate School District staff and local special education teachers. The inservice will be conducted in four different workshops with teachers having the option of selecting that workshop which will best address their individual needs. The purpose of the inservice is to assist teachers in the development of classroom management techniques for better instruction of all students. After a short introductory briefing in the high school library, teachers will attend one of the various workshops which will be conducted simultaneously. The four topics to be presented in the afternoon inservice are, "Evaluation of Student's Learning Ability", "Development Oriented Education", "Encouraging Active Participation in Learning" and "Understanding the Learning System".

To facilitate this opportunity for Grayling teachers to gain greater insight in the techniques of classroom management, students of the Crawford AuSable schools will be dismissed early. Dismissal times have been set at 1:00 p.m. for the Grayling and Frederic Elementary School; 1:15 for the Grayling Middle School and 1:30 for the Grayling High School. Bus students will be arriving home about two hours ahead of their normal times.

Next Travelogue, Norway

James Forshee to Perform Again In Grayling

Jim Forshee, one of the nations most captivating and entertaining lecturers will return to Grayling's Joseph Stripe Auditorium on Thursday evening, October 23 to narrate in person his breath-taking film, "Exploring Norway". Mr. Forshee last appeared in Grayling on March 27, 1980 when he presented his colorful and fun-filled adventure of "Fabulas Florida". Travelogue viewers best remember Jim Forshee for his quiet manner of speaking and his dry sense of humor, not unlike that of Jimmy Stewart.

Jim Forshee will be appearing in Grayling as part of the current Travel and Adventure Series which is being sponsored by the Grayling Community School Program. Doors of the auditorium at the high school will open at 6:45 with special pre-travelogue entertainment.

County-Union Reach Agreement

by Jackie Bonkowski

Ten months of intensive and often bitter negotiations between the Crawford County Board of Commissioners and the American Federation of State, County, and Municipal Employees (AFSCME) ended early Wednesday morning, when County and AFSCME officials reached tentative settlement on a three year contract, which will expire December 31, 1982.

The settled package includes salary hikes of between five and six percent for all courthouse employees for 1980 and 1981, followed by a 3% increase in 1982.

Mileage for employees using private cars for county business was raised from 17 cents to 22 cents per mile for 1980 and 1981, with a re-opening clause for mileage only for 1982.

County Commissioner Jeannette Kitchen stated that the re-opening provision on the mileage issue was granted to protect employees from the unpredictable fluctuation in gasoline prices.

Alterations were also made in contract language affecting salary step increases. According to Kitchen, previous language allowing employees to progress from starting pay to maximum in two years was revised.

New provisions, she said, require three years to reach maximum pay for employees hired in 1981, and four years to maximum beginning in 1982.

A significant concession won by the union other than salary, was the county's agreement to accept compulsory arbitration in contract disputes. The county's hold out on the arbitration question was a major stumbling block to settlement for over six months.

The 1980 Contract, reached shortly after midnight October 8, is expected to be ratified by the full Board of Commissioners October 14. Board ratification will release ten months of retroactive pay to courthouse employees, and clear the calendar for commissioners, who now face negotiations with the 22-member Teamsters Union representing the Crawford County Sheriff Department.

Dixieland Jazz Offered By Kirtland

Kirtland Community College will offer its second concert event in October...The New Reformation Dixieland Band with the Opperman brothers! On Saturday, October 25, 1980 at 8:00 p.m. the band will perform in Kirtland's auditorium. The group, which was organized in Saginaw ten years ago, consists of seven talented and humorous musicians led by Dave and Nick Opperman of Saginaw.

Although based in Saginaw, the band has had national exposure and acclaim. It has performed with such jazz artists as Woody Herman, Count Basie and Duke Ellington. The band has appeared on television in Chicago, Indianapolis, Louisville, and in Michigan for a half-

Virgin Pines Face Ax

by Jon Thompson

As many as 80 virgin pine trees, some as old as the well-known pine trees at nearby Hartwick Pines State Park, may be cut down to clear an approach path for airplanes using the Grayling Army Airfield.

Mr. and Mrs. Charles Ryan, who own the trees and 10 acres southwest of the airport on Down River Road, don't want the pines to be cut down.

"There are only a few trees like these left in northern Michigan," Mrs. Ryan said. "It's so beautiful to look out at them from our house. We hate the thought of losing them and so our children. After that windstorm downed a lot of our trees a couple of years ago, we promised them we would never cut down any of the trees left."

The state Aeronautic Board said the tops of the red and white pines extend into the glide path of planes by as much as 40 feet and have to be removed. Camp Grayling Commander Colonel Jack Lippert said the runway at the airport had to be shortened 18 months ago because of the trees and if the runway is shortened anymore the large military airplanes carrying troops and equipment would not be able to land at the field.

The ten acres, within the Grayling city limits, has been owned by the Ryan family since 1922. The beauty of the large pine trees was one of the reasons the Ryans moved to Grayling from California 10

Vikings Nipped in OT 'Thriller', 21-14

by Joe Schrader

After 48 minutes of rough, tough, nip & tuck football Friday night, it was a dead heat at the end of regulation play at Charlevoix as the Vikes and Rayders battled to a 14-14 dead-

lock. The Vikes played perhaps their finest game of the year against the Red Rayders only to have the contest slip away 21-14 when Charlevoix pushed across a score on their first attempt from 10 yards out in the overtime period.

The disappointing OT loss left the Vikes 1-5 on the year and 0-4

Smith-Bullard Proposal Would Benefit Schools Here

by Jon Thompson

Land-poor school districts such as Crawford-AuSable would benefit if Proposal A on the November ballot is passed, said Dan Sharp, the statewide campaign coordinator for the tax-reform amendment sponsored by Representatives Roy Smith (R-Ann Arbor) and Perry Bullard (D-Ann Arbor).

Sharp, in Grayling last Thursday as part of a northern Michigan tour to explain the tax plan, said Proposal A is an educational finance plan calling for the state to raise revenues to provide equal per-pupil funding to all Michigan public schools. Under Proposal A, school districts currently with low per-pupil funding would receive as much revenue for basic operations as districts such as Southfield, which currently receives the highest revenue in the state for operations.

The additional monies for education would come from a 1.3 to 2 percent increase in income taxes. Property taxes, the traditional source for funding school operations, would be reduced by as much as 50 to 75 percent for individuals. Overall, the average property owner with a \$40,000 house would have his combined income and property taxes reduced by about \$185 under Proposal A.

"A month ago the citizens for Property Tax Relief and Quality Education took a survey that showed 67% of Michigan residents were willing to trade a reduction in property taxes for an increase in income taxes," Sharp said. "People feel the income tax system is

much more fair than the property tax system."

If Proposal A passes, businesses would have to pay about the same amount in property taxes as under the old system, but senior citizens and renters would get breaks. Senior citizens 65 and older would pay no property taxes on \$25,000 of home assessments and renters would get a \$140 tax credit each year.

Proposal A also offers protection against property tax inflation. Unlike the Headlee

Amendment, which said only the total amount of property taxes in a district can't exceed a certain limit, the Smith-Bullard tax plan states each of the seven classes of property can not have property taxes that exceed the inflationary ceiling.

Another strong point of the proposal, Sharp said, is it makes local school board control an article of law not one of faith. Although the state will provide most of the funding, control of school programs and

You Can Save Our Seniors!

by Harrison Goodhue

Last week we gave you an insight into the funding crisis which faces the Senior Citizens Center of Crawford County and announced the millage proposal, which is approved by the Citizens of Crawford County on November 4th will give the Center a fighting chance to stay alive and vigorous.

If the half mill proposal is approved, it will bring the Center about \$57,000 annually beginning with the fiscal year 1982. It is understood, of course, if the millage passes, that the County Commissioners will no longer allot any funds to the Center from the general tax revenues of the County once the millage funds actually become available to the Center in 1982.

Incidentally, according to the laws of the State of Michigan, a County Board of Com-

missioners is empowered to levy a tax of one mill on property owners to support a Senior Citizens program WITHOUT VOTER APPROVAL. The Commission on Aging, however, felt that such a decision should be made by the Citizens of this County, confident that they would not let their Parents and Grand Parents down!

That Michigan Law also provides that a millage proposal to the Citizens of a County to support a Senior Citizens Program can be submitted to the electorate only at General Elections, I.E., Presidential elections, that is, once every four years.

So, November 4th is DECISION DAY for the Seniors, for a millage proposal cannot be submitted again until November 1984. Under the foreseeable circumstances there is no way the Center can be kept alive as we know it without adequate local funding!

If the millage is approved at the November 4th election, it will be applicable to the tax rolls of 1981 Calendar Year and such revenue would not become available to the Center until calendar year 1982.

If the millage is approved, this is the effect it would have on the Center's funding in the current and next fiscal years:

OPEN HOUSE—The Grayling office of the North Central Michigan Mental Health Services hosted an Open House last Wednesday afternoon at its new facility located at 802 Ingham St. Members of the staff, Crawford County Board of Commissioners and Mental Health Board members participated in official ribbon-cutting ceremonies, shown above, to herald the official opening of the services office.

The move to Ingham Street and a more modern, barrier-free office marked the third move for the organization in Crawford County since the first office was opened at St. Mary's Catholic Church. Mental Health Services occupied offices on Lawndale and on Mikado Streets before moving four months ago into the current office.

The office is currently staffed by a Clinical Supervisor, two full-time therapists, a Psychiatric Consultant and Secretary.

To The Editor:
I am ashamed of the attitude of certain individuals regarding the AIS homes. Do they realize what an AIS home really is? Or don't they have any compassion for these poor unfortunate mentally handicapped persons? Experience with such homes in other areas have proven excellent.

They teach the handicapped to help himself and in that way give him a little dignity. Some have been able to go out and get jobs doing little things after a few months of training. How much better this is than to sit unoccupied in an institution.

I hope these "antis" feel a little responsibility and care for these unfortunates. This person may have been your child or relative (God forbid).

Remember the words in the Bible "Do unto others". Is this what you would want for your own?

Rocket Football Banquet Oct. 18

The 2nd annual Grayling Rocket Football Honors Banquet will be held this Saturday night, October 18, at the Senior High School.

Something new added to the program this year will be entertainment for the kids in the form of a movie, with showtime beginning at 4:00 p.m. at the High School Auditorium.

All Rocket Football players and their brothers & sisters, moms & dads are invited to the movie at no charge. After the movie, a potluck supper will be held in the cafeteria beginning at 6:30 p.m. Hot dogs and refreshments will be furnished by the league. In addition, all families are requested to bring a dish to pass, as well as their own table setting.

After the supper, guest speaker Varsity Football Coach Bill Klinger will have a few words to say, as well as the Rocket Football coaches when they introduce their teams and pass out a few extra "treats".

Over 200 people enjoyed the banquet last year, and it is hoped that more families will participate in this years banquet.

Although the 81 fiscal year will be very tough for the Center, if the millage is approved this November 4th, the Center could borrow funds during the 81 fiscal year against the future revenue and spread the shortage between the two fiscal years, giving the Center a fighting chance to avoid drastic curtailment of activities and services.

You must appreciate that no consideration has been given whatsoever in this brief and simplified analysis to the further continuing effect of inflation.

Current inflation rates are running at 13% per year and the most optimistic forecast for 1981 is 10%, with a possible softening to 8% or 7% in calendar year 1982. Obviously there is a potential additional shortage of \$15,000 to \$30,000 in the fiscal years 1981 and 1982.

As you can see the proposed half mill is the very least needed to keep the Senior Citizens Center and it's meaningful activities alive! No full replacement of lost Government Grants! No easy street! Just a fighting chance to retain this haven of companionship with its meaningful activities to keep the joy of being alive glowing in the hearts of our Parents and Grand Parents!

A half mill increase in property taxes means that if you own a house valued at \$40,000 and it is typically assessed at 50% or \$20,000, you would pay \$10 more per year. Less than the cost of two cartons of cigarettes, three six packs of beer, or one bottle of bonded liquor!

Is that too much to give to keep this wonderful Senior Citizens Center of ours functioning? Aren't Parents and Grand Parents happiness and joy worth at least that much?

It would cost a hundred times more if you were to provide the same activities for your Parents or Grand Parents individually!

Vote "Yes" on Proposition One November 4th! Give our Seniors a chance to keep their Center alive!

From Our Corner ...

We were almost in a state of shock last Wednesday around 12:30 when we heard a train whistle blow and when we looked out there went a passenger train through town going south...now, we haven't experienced a passenger train going through Grayling for so long we hardly knew what it was...it was like seeing the first robin in the spring...we heard later that the train returned on Thursday going north...we have no idea what, why or how come the train made the excursion, our only thought was that we need this transportation more and more...it was a shame they let the tracks practically go to pot...

We were raised in Gaylord and our father worked for the railroad so we experienced many rides on the train...in our opinion this generation who know nothing about the iron horse (so it was named) have missed an experience that is hard to relate to...sitting, listening to the clatter of the track will literally put you to sleep...

This is the jet age we know, but, there is a place for the iron horse, and we are sure in due time it will make its re-appearance, not only for freight but for passengers also...we are sure it would help Northern Michigan...

There are things now and then that bug us, and this Monday is one of them...Columbus Day...a red letter day on your calendar that give some, not all, a day off...old Chris was supposed to be the founder of America...there are some arguments, that a Scandinavian, Lief Ericson was the first to arrive here in the Western Hemisphere...this is not what bugs us the most, the big thing is why close shop for Chris, when there are so many more deserving...of late there have been two or three persons recognized with a red letter day on the calendar...our thought is why not forget Chris and pick the day that the United States put a man on the moon...to us it would make more sense...

It's a small world...we attended the U of M and MSU football game in Ann Arbor last Saturday, and as we were fighting our way to the gate we had to enter, we ran into our partner in progress Dick Milliman with his wife Donna and family...the catch is, we knew they were going to be there but their seats were on the opposite side of the stadium...it was an exciting game and we do want to mention that the performances that the U of M and MSU bands put on just prior to the game and at half time was well worth the admission...just for the record, Tom St. Germain, Dr. Junttila, Tom Brogger and yours truly helped to set a record at a college football game with the attendance hitting 105,263 and being there we have to believe it...it was a mass of humanity...

This week is our week...that is, it's Newspaper week...we are the people who bring your daily and weekly newspapers to your doorstep to try to give you the insight of what is going on in the small hamlets as well as the world we live in...we are the media that you can come back to if you missed something earlier...we are at your fingertips until you need us no longer...not like the other media that if you close your eyes you missed it...if you are in another room and couldn't hear it...you missed it...what ever you do you can always come back to us, and not miss a thing...

The ol' fella is batching it tonight...our bride decided that seeing as how she had Columbus Day off she would leave Sunday and spend three days in T.C. with T.J. and Stef and mom...we had chili last night that she fixed, so now we are trying to figure out which place we're going to stop and take a hamburger home...we'd cook up something, but really dislike to do dishes...have a nice weekend, we're headed for the wagon shed...Monday night football is on tap...

Grayling Mercy Hospital has again been accorded a place on the approved list of hospitals in Michigan by the American College of Surgeons. It is among 2,480 hospitals in the United States and Canada to be placed on this list, and we note with pride it is the only one here in the north so rated. Mercy Hospital Cadillac is the nearest hospital with a similar rating.

Mr. and Mrs. Eugene Papendick and Mr. and Mrs. Adolph Peterson spent a few days the forepart of the week in Ashland, where they were guests of the former's brother and wife, Mr. and Mrs. Edward Papendick. The party enjoyed hunting pheasants.

Frank Brady and son,

Bernard, of Detroit, arrived Tuesday to spend several days visiting at the home of Mr. and Mrs. John Brady.

The old Burton hotel building on Michigan Avenue next to the Michigan Central railroad is being torn down. This is one of the oldest buildings in Grayling. It is owned by Rasmus Rasmussen.

Patricia Roberts was hostess on Monday afternoon to several of her young friends in honor of her 11th birthday. Games were played and a delicious lunch served at a table pretty with Halloween decorations.

Howard Granger, Bill Moshier, Forrest Brado and Robert Funk were in Petoskey Sunday on their motorcycles.

Mrs. John T. Parsons and little son and Mrs. Hanson of Rogers City were in Grayling Tuesday calling on friends. The Parsons family were former residents of Frederic, and they operate a grocery and meat market in Rogers City.

Mrs. S.N. Insley visited in Bay City a few days this week.

P. Moshier is fencing his farm near David Knech's with a view to raising blooded sheep to improve the flocks of this county.

A number of improvements have been made at the county buildings. A good storm porch has been built at the side entrance of the jail, the woodwork on the outside of the buildings has been painted and the barn painted. It makes the court house and jail property look pretty nice.

Sheriff Benedict is visiting his brother near Lansing, and Mrs. Benedict is with her daughter, Mrs. George Annis, who is ill at her home in Beaver Creek.

The building occupied by this office and Dr. Palmer's law office has been greatly improved in appearance by Hugh Oaks and his crew of painters this week. We have a new sign at our entrance also.

CARD OF THANKS

We would like to thank all of our family and friends who sent cards, flowers and prayers on the loss of our mother, wife & loved one, and the many kindnesses offered to us during her illness. A special thank you to Pastor Barnett and the Calvary Baptist Church members and the personnel of Mercy Hospital.

"Make sure your car insurance protects you in 'no-fault' states."

"If you're planning on a long trip by car, chances are, you'll be driving through states with 'no-fault' insurance laws. "If you're covered by an Auto-Owners policy, you can relax. Auto-Owners provides protection automatically under its bodily injury and property damage liability coverage in 'no-fault' states. "This kind of far-sighted protection is just one of the reasons we recommend Auto-Owners Insurance to the people we serve."

From Calvary Baptist Church

WHY DO GOOD PEOPLE SUFFER?

Part 4

God's chastening of us as His children will be the last or 21st reason in our study of why the righteous suffer. We saved this reason until last because most people put it first. We hope the many other reasons given for suffering will encourage you not to always think of it as punishment to avoid. Many times the endurance of suffering produces rich blessings.

Even when God punishes us for wrong we should accept it in a good spirit. "...My son, despite not thou the chastening of the Lord, nor faint when thou art rebuked of him." Hebrews 12:5.

God punishes and corrects all Christians because He loves them and wants the best for them. "For whom the Lord loveth he chasteneth, and scourgeth every son whom he receiveth." Hebrews 12:6. "But when we are judged, we are chastened of the Lord, that we should not be condemned with the world." 1 Corinthians 11:32. God punishes and corrects Christians so they will not suffer the worse effects of practicing sin.

We should be willing to endure suffering as punishment and correction from God because we are God's sons, and God punishes and corrects all His children. "If ye endure chastening, God dealeth with you as with sons; for what son is he whom the father chasteneth not?" Hebrews 12:7.

People who profess to be Christians, yet receive no correction from God concerning the practice of sin in their lives, are really hypocrites. "But if ye be without chastisement, whereof all are partakers, then are ye bastards, and not sons." Hebrews 12:8. A Christian cannot practice sin without the chastisement of God in this life. An unsaved person may not suffer the effects of sin in this life. He faces the eternal torments of Hell which is far worse.

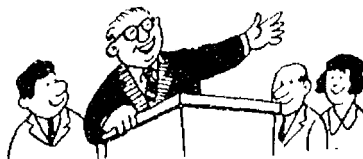

God's chastening should lead us to reverence Him and be in subjection to His will. "Furthermore we have had fathers of our

flesh which corrected us, and we gave them reverence: shall we not much rather be in subjection unto the Father of spirits, and live?" Hebrews 12:9.

For the time of our childhood, our parents chastened us that we might obey the pleasure of their will, but God chastens us to our benefit and betterment. "For they verily for a few days chastened us after their own pleasure; but he for our profit, that we might be partakers of his holiness." Hebrews 12:10.

God's chastening brings us temporary suffering or hurt, but in the end we are molded into His image of righteousness and holiness. "Now no chastening for the present seemeth to be joyous, but grievous; nevertheless afterward it yieldeth the peaceable fruit of righteousness unto them which are exercised thereby." Hebrews 12:11. This is God's ultimate plan and goal for each of our lives. "For whom he did foreknow, he also did predestinate to be conformed to the image of his Son..." Romans 8:29. (adv.)

Pastor Barnett

Experience — Impartial — Considerate

Many of you know Art Clough personally and have been a friend of his for a long while. He has been a resident of this County 51 years.

Art had the reputation of being considerate, and an impartial law enforcement official when he was your Sheriff through the years 1960-1971.

He felt then that all the people of the Community should be treated equally and with respect, and intends to carry out this same policy if elected "Your Sheriff".

Art needs your vote, you need his impartial law enforcement.

The word impartial is thrown around a lot in campaign promises, but may become missing in the actual administering of the law.

It is a very important factor in your life, and Art Clough intends to see that this promise is kept, to the best of his ability.

Mercer-Shepler Vows Spoken

On a wedding trip to the Adirondack Mountains are Mr. and Mrs. Brad Shepler, who were married at 1:30 p.m. Saturday at Alpena Free Methodist Church.

The Rev. V.J. Anderson, assisted by the Rev. Carl Koerner, performed the double-ring rite.

The bride is the former Patti Mercer, daughter of Mr. and Mrs. Roger Mercer of 975 Golf Course. The bridegroom's parents are Mr. and Mrs. James Shepler of Sunset Park Lane, Grayling.

For her wedding, Patti chose a bouffant gown in nylon sheer over taffeta, complimented with imported French lace and Brussels reembroidery and featuring a high neckline and reembroidered yoke, an accordion-pleated skirt, and a cathedral train. A Juliet cap secured her lace-edged, pearl-accented veil and she carried a bouquet of red roses, baby's breath, and blue and white stephanotis.

Kim Gapske of Alpena was Patti's maid of honor. Bridesmaids were the bride's sisters, Jacki Imhoff of Bartlesville, Okla., Kathy Riggelman of Mount Vernon, Ohio, and Kristi Mercer of Alpena; & the bridegroom's sister, Jami Shepler of Grayling. Kristin Imhoff of Bartlesville, Okla., the bride's niece, was flower girl.

The maids wore dewdrop blue

Silesta gowns with fitted waists over Ivory lace. Each carried a long-stemmed red rose and tucked a red rosebud and cluster of baby's breath in her hair.

Garth Houston of Pontiac was Brad's best man. Groomsmen were Mark Thompson of Pontiac, the bride's brothers, Roger Mercer of Spring Arbor and Johnnie Mercer of Alpena and the bridegroom's brother Mark Shepler of Grayling. Jeremie Riggelman of Mount Vernon, Ohio, the bride's nephew, was ring bearer and Glen and John Campbell, both of Alpena, ushered the guests to their seats.

For her daughter's wedding, Mrs. Mercer chose a lace-trimmed blue gown. Mrs. Shepler was attired in a navy blue sleeveless gown with a chiffon waist-length cape, and both ladies wore corsages of white carnations and red roses.

A reception at the parlours of the Free Methodist Church followed the ceremony. Friday, the bridegroom's parents hosted a rehearsal dinner at Alpena Holiday Inn.

The bride is a 1980 graduate of Alpena High School. The bridegroom graduated from Grayling High School in 1979, attended Spring Arbor College, and is employed by Davis Jewelry in Grayling, where the newlyweds will make their home.

Editor's Mailbox

Dear Grayling Friends:

Just a few lines to thank you for all the cards, notes and prayers sent my way during my recent hospitalization for an or-nery staff infection. I am slowly gaining my strength back, but not fast enough for me.

Our three gals and my parents all live within five miles of us now, and we are all enjoying many family outings. It's pretty nice to reap the rewards after worrying hard to raise a family, to now be invited to dinner, and not have to put it on. They already have Thanksgiving and Christmas all planned. Great.

Connie is supervisor of the Proof Dept. at the Bank of Hemet.

Rhonda has gone back to school part time, to pick up subjects she will need to enter the R.N. program next May. She still works 3 or 4 days at the Hemet Hospital which has 2 lovely new towers, similar to Grayling's new addition. I toured it on my own this summer.

Janice and Ron will celebrate their 2nd Anniversary this month, Ron travels this area selling medical equipment to hospitals and labs. Janice is enjoying being just a housewife at the present.

We didn't see nearly enough of our friends the short time we were in Grayling this summer, but had obligations in Flint with Bernon's 92 year old mother.

We still look forward to the Avalanche, but oh so many new names and faces. Ten of the best years of our lives were spent in Grayling, and no one can take away the memories of snowmobiling up the tracks to Frederic on Friday night for the Fish Fry, or the girls skiing down Bear Mt. and the Polyhedron. See I have something over on you new people, probably never heard of a Polyhedron.

We were saddened with the news of Al Tucker's death, such a fine person.

God Bless,
Lois Morningstar

News of Good Things Growing...

If you're looking for some different family recreation this fall, visit one of Michigan's many apple orchards to watch apple cider being made. The apple aroma, together with fresh baked donuts, caramel and candied apples, and sips of tangy apple cider are all a part of fall in Michigan.

Good things are growing in Michigan and our state's apple growers are harvesting the second largest crop of this century, reported to be more than 900 million pounds, according to the Michigan Department of Agriculture. The state ranks third among apple-producing states.

Cider, labeled 'sweet cider', is the natural pure juice of apples with no sugar added. Flavor depends on the blend of different apple varieties and varies in different areas of the country depending on preference for sweet or tart cider.

Apple juice is pasteurized and doesn't ferment. 'Hard' cider is that which has fermented.

Cider needs constant refrigeration because of perishability. It will stay sweet and unfermented for one to two weeks, or longer if preservatives have been added.

Serve apple cider or juice cold, or hot with cinnamon and cloves. For a special treat around the fireplace, make a frosty apple shake. Combine one quart apple cider with one pint softened vanilla ice cream and one-half teaspoon cinnamon or sprinkle with nutmeg. Blend until frothy and serve.

For a free listing of roadside markets offering cider and apples, write the Michigan Department of Agriculture for "Michigan Country Carousel 1980", P.O. Box 30017, Lansing, 48909.

Missionaries Serving in County

Two new missionaries, Elder Vard Neal, age 20, and Elder Stuart Gregory, age 19, from The Church of Jesus Christ of Latter-Day Saints (Mormon) have recently arrived in Crawford County to serve in the community. Elder Neal is from Stone, Idaho where he works on his father's ranch. He has been serving on his mission for a year and seven months. Elder Gregory is from Houston, Texas where he works in the field of drywalling. He has been serving on his mission for seven months.

In the "Mormon" Church, young men and women are given the opportunity to serve missions lasting two years. Elder Neal explained that all service in the church is voluntary and that the elders support themselves with monies they earned prior to their missions. At the end of their two year service, they return home and continue in their secular interests. The Elders do not stay in the same place for the whole mission period. "We move around every three to six months", explained Elder Gregory. "They have been missionaries here in Grayling for a little over a year. When one Elder is called to serve somewhere else, a new one comes to replace him."

Their daily schedule consists of arising by 6:30 a.m. and departing from their apartment

Bake-Rummage Sale at Frederic

Editor's Mailbox

Letter to the Editor:

To all those in opposition to the proposed AIS homes in Crawford County.

Sometimes we are misguided by the old cliché that the mentally retarded should be "locked in closets and forgotten about."

In my opinion those who are in so much opposition of AIS homes most certainly have not had much contact with the mentally retarded. The mentally retarded are just as human as you or I with the same feelings we have. They are capable of learning, but institutionalization limits their capabilities.

AIS homes work towards normalization, which is more easily acquired in a home-like environment. They are taught self-help skills, safety, what is socially acceptable, home management, etc. So that some day they will be able to move on to a less restrictive environment.

Any one of us could have been born with the same type handicaps that these people have. How would you feel if you were not accepted in a community because of your mental handicap? Also look at the fact that any of your loved ones could have been born with a mental handicap, but the good Lord blessed you with quote "normal" loved ones. Wouldn't you prefer a home-like environment to an institution if it were your loved ones?

As to the mentally handicapped living in our neighborhood, you cannot pick and choose who your neighbors will be!

But I would much rather have mentally handicapped people move into my neighborhood than thieves, rapists, murderers, etc.

(Contrary to popular belief, the mentally handicapped are no more harmful than you and I.)

If people only weren't so uneducated about mental handicaps, they would not have the opposition I see in Crawford County.

The Almanack

Milliken miffed at Milliman

RICHARD MILLIMAN

A recent column criticizing Governor William Milliken's proposal to have state employees take some time off without pay to help the state's budget crunch missed the point, the governor says. And maybe he's right.

Milliken suggested state employees take one day off per pay period and get paid for nine days in a two-week pay period instead of 10 day, or work 10 days and get paid for nine while piling up some "comp time" credits, or take a leave of absence without pay, or some variation of the same theme. The whole purpose would be to take some crunch off the state treasury in these days of need.

The Almanack suggested that this proposal really means the state is at least 10 percent overstaffed.

"If the state can send employees home one day out of 10 for the sake in instant economy," the Almanack asked, "then why can't it permanently reduce its work force by that same 10 percent? Maybe the work done on the 10th day is really not necessary in the first place."

My editorial conclusion was that for employees to go along with the governor's suggestions would be "a tacit admission that the employee isn't needed all that much."

Well, that's not the way his proposal should be viewed. He sent the following letter to the Almanack, and we are happy to quote it in full:

"I'm afraid your recent column regarding my proposal to allow state employees to take time off without pay missed the point of the proposal.

"It certainly did not mean the state is overstaffed by 10 percent. It was made because the national recession has had a devastating effect on Michigan. One of the results of that has been a sharp decline in state revenues, meaning state government has to cut back on its operations. My recommendations to the Legislature for the fiscal year beginning October 1 are for reductions in spending of more than \$750 million to keep a balanced budget.

"We already have laid off a number of state employees. More layoffs will occur.

"The proposal was made in hopes of reducing the number of layoffs. The more state employees who participate in the program, the further existing revenues will stretch and the fewer layoffs we will have to carry out.

"The decision to lay off 80 State Police troopers on September 27 certainly did not mean the State Police are overstaffed by 80 troopers. It meant there simply is not money available to continue the State Police at their current level of operation. As a businessman, you can appreciate that when available funds are tight, some difficult decisions have to be made. Those decisions do not mean the employees affected are not needed or are in superfluous jobs.

"We have had a substantial response to the program from some departments, with others still to turn in their final reports. I'm sure it must have been discouraging to some state employees who

have voluntarily decided to participate in this program to help save the jobs of their fellow workers to see their decision described as proof their jobs aren't necessary. I look upon it as proof they are willing to think of others and to accept some personal sacrifice—the loss of a portion of their pay—to help others. That is a very commendable act on their part."

And so wrote Governor Milliken. The gubernatorial letter was only half of the avalanche of response that column evoked—which is two more letters than most of my essays attract.

Maureen M. Dawson of Grand Ledge, who works for the State Department of Public Health, also took me to task for my thought processes and expressions—and in terms a bit more severe than Gov. Milliken used.

"What the governor proposed was a cooperative budgetary effort involving all state employees," Dawson wrote. "In my division, seven of 24 employees, myself included, are participating in the pay reduction program. And most of the seven are continuing to work 40 hours weekly because they can't spare the time away from their desks, accumulating 'comp time' for later use. Meanwhile the four new staffers needed for a federally-mandated program can't be hired at all, but we will still have to get the work done. Overstaff, indeed!"

"Speaking for the state employees who volunteered to work as hard as ever but get paid less, you owe us an apology."

There are points, and legitimate positions, expressed both by Governor Milliken and Dawson and by several other state employees who have collared me personally and I respect their positions.

What the governor has proposed, and what Dawson and many of her state employee colleagues have offered, is indeed an expression of concern for others in most cases. Whether it is naive or motivational, self-sacrificing or self-serving, is open to debate, and probably shifts from case to case.

From my long association with and near state government, I realize there are thousands of competent, dedicated, hard working state employees, mostly involved in essential activities. In my opinion, these make up the majority.

I also realize that among the 71,000 state employees are many malingerers and non-essential paper pushers, doing just enough to get by, or even less, who wouldn't move out of their way to help the whole state, let alone their fellow employees. Thankfully, these are a distinct minority.

To those who took the governor up on his suggestion to help prevent others from being put out of work—and I was surprised by the favorable response among state employees to the whole idea—I offer congratulations.

And to those who felt insulted by my 10 percent over-suggestion because they are indeed working harder than ever but being paid less, my apology.

Harris-Kalthoff Speak Vows

Marie Alene Harris and Chris William Kalthoff were united in marriage September 13, 1980 at St. Mary's Church in Mio, Michigan. Father Gregory Kurutz officiated at the seven o'clock ceremony. The bride was given in marriage by her brother, Ernest L. Harris.

Musical selections were presented by Tina Kennedy at the organ; and flutist Ingrid Dingfelder accompanied by Nathan Harris at the organ. Vocalist was Robert Harris accompanied by Ingrid Dingfelder at the organ.

The church altar was decorated with arrangements of white gladioli and apricot, pink and burgundy carnations.

The bride is the daughter of Lottie R. Harris and the late James S. Harris. She is a 1975 graduate of Grayling High School and attended Ferris State College for two years.

The groom's parents are Mr. and Mrs. Edgar W. Kalthoff of Roscommon. He is a 1975 graduate of Roscommon High School and attended Kirtland Community College for two years.

The bride chose a white floor length organza gown with sheer sleeves, train and matching veil. The bodice and skirt were appliqued with lace roses. She carried a cascading bouquet of white carnations with apricot, burgundy and pink sweetheart roses.

Susan Cook, Matron of Honor, was attired in a floor length apricot gown with matching shawl and carried a bouquet of dark apricot sweetheart roses, light apricot miniature carnations, baby's breath with apricot streamers.

Lynne Kalthoff and Ann Mathews, bridesmaids, wore floor length pink gowns with matching shawls, and carried bouquets of pink sweetheart roses, burgundy miniature carnations, baby's breath with burgundy streamers.

Kim Fisher and Janet Papendick, bridesmaids, were attired in burgundy gowns and matching shawls. They carried bouquets of burgundy sweetheart

While everyone else is cleaning up their yard in preparation for winter and bringing in the harvest, Edna Feldhauser has some Easter lilies that do not know it isn't spring. She has three plants with three blossoms and four buds ready to bloom.

Most noticeable in the cleanup around our city this fall is the painting of the Montgomery Ward Store, formerly Hunter's Dairy building, and new window frames. The back has been cleaned up, General Telephone is doing some repairing and changing the phone booth, also in the same area.

The Nielson building, formerly Salling Hanson's building also has a most interesting mural. People are going to start noticing the nice little city we have up here, if everyone keeps up the good work.

Have you seen the gorgeous burning bush on the side of Beulah Moore's house?

NOTICE

I will be running for the office of County Commissioner District 7, Beaver Creek and South Branch Townships. I lost the Democratic race in the primary by 16 votes and I feel the difference was not large enough to indicate the peoples choice. I will be handing out stickers at the polls on election day.

I work for General Telephone Company from 8:00 a.m. to 5:00 p.m., Monday through Friday. My Democratic opposition has stated that I would not have time to fulfill the position properly.

General Telephone does allow time off from work for such positions and this is their statement of policy which is contrary to his opinion. "It is the policy of General Telephone Company of Michigan to encourage responsible individual citizenship on the part of all employees. The employee's active participation in community affairs, contributes to the community, strengthens and promotes the principle of citizen participation as a mainstay of the democratic process, the fulfillment of these objectives serves the best interest of the community and therefore of the company."

To run on stickers is hard, I need a lot of support. Please stop and pick up your sticker from the persons handing them out 100 feet away from the township halls.

I am a hard worker and it is time to get some work done on the county level. I know it is time for a change and I also know I can make those changes.

Library

The Frederic Community Library held its Summer Reading Program on Oct. 2, 1980. There were six children present. Jennifer Trudeau was the top winner by reading 34 books and Lori Bentley was second by reading 11 books.

The children played Library Bingo and all were able to bingo and win a prize. The top readers won a book and a nice prize. Kool-aid, cookies and ice cream were enjoyed by all.

I hope to see more of you kids try for this next year. And in the meantime don't forget about R.I.F. this school year. Come in and sign up to read five books and get a free book from the R.I.F. display.

Glen's Market grocery tapes are still needed for the Library. They help to provide these Special Summer Programs. Your support is appreciated!

Don't forget the books we have for sale at the Library, they are now 10 cents each. So when you have nothing to do, why not come in and browse around the Library?

Disaster

(Continued from Page 1)

When the tornado struck Frederic in the spring of 1975 at 2 a.m. on a Saturday morning, less than 10 hours later a trained Disaster Volunteer from Saginaw was hanging a Red Cross Banner on the Frederic Town Hall to notify residents where to come to find Red Cross Relief; and by noon, with the help of, at that time, two untrained volunteers from Grayling; orders were being issued to the victims on local merchants of their choice for food, clothing, and, where needed, shelter!

Since that time, Disaster Relief Service has come a long way in Crawford County. There are now six teams trained in Basic Disaster Relief; that is, equipped with forms, orders, etc., and instructed how to dispense relief orders. And, soon, it is planned, there will be local Volunteers trained in Mass Feeding, Setting up Shelters, and other basic Red Cross Disaster Procedures.

For the last four years Crawford County Chapter/American Red Cross has rendered full Immediate Disaster Relief, to National's standards, in the form of food, clothing and shelter where necessary, to the victims of local disasters, which are usually home burnouts.

There were eleven such burnouts in Crawford County last winter not fully covered by insurance, and each of the eleven families involved were taken care of. The Chapter dispensed a total of \$4840 in such Disaster Relief Service. This was almost 2½ times the amount budgeted and resulted in a deficit of \$1950.

KEEPING RED CROSS READY to accomplish it's Congressionally mandated responsibility to provide Disaster

Relief is a tremendous and complicated job. It means constant training of new and additional Volunteers all over the United States. It requires daily monitoring of supplies and equipment to make sure everything is ready to roll on instant notice; and, obviously it takes a tremendous amount of money.

Normally, \$30 million per year is the average Relief cost nationally, but the last two fiscal years have set new highs into the \$40 million area! So much so that the National organization's reserve funds were exhausted in the fall of 1979 and National had to conduct a special Disaster Relief Fund Campaign to obtain an additional \$15 million in the first quarter of 1980 in order to meet it's relief commitments through June 30th, 1980!

The 1980 fiscal year's relief costs, ending June 30th this summer, were the highest in the one hundred year history of American Red Cross.

Crawford County Chapter's Relief costs in the first year just ended June 30th were also the highest in the Chapter's 64 year history. In fact, this Chapter had to ask National for help on the 10th and 11th burnouts, and National picked up their cost at \$1018; otherwise the Chapter's deficit would have been \$2968 instead of \$1950.

Our Chapter's support of National last year was \$1044, so, in reality, all but \$26 of our share of National's budget came back to Crawford County for the direct benefit of our citizens.

No community can afford to be without the protection of American Red Cross if a disaster should strike! Surely what you see on the TV screen and what you hear on radio and read in the newspapers makes that fact abundantly clear!

But everybody in this Country cannot continue to enjoy this protection if we do not pay our fair share of the cost of that protection! It's like insurance, if each of us insured ourselves, it wouldn't cost us anything if we had no losses; BUT, if our car was responsible for personal injuries or extensive physical damage to other people's property, or our house burned down, the loss could be catastrophic! We SHARE the risk and for a pittance compared to a catastrophic loss, we INSURE ourselves against such losses.

In a sense, that is what American Red Cross Disaster Relief is—insurance to the victims of disaster that they will be taken care of. A contribution to the local Red Cross Chapter is the only premium required to make sure that every American will be so protected!

Don't you think American Red Cross deserves your financial support?

Won't you please make out a check, now, and send it to Crawford County Chapter/American Red Cross, RK 2, Box 2515, Grayling, MI 49738, to cover your fair share of the needed financial support?

the Red Raiders and it showed in a 95 yard touchdown drive late in the first half that gave the Vikings the lead after Charlevoix had drawn first blood in the first quarter. Trailing 7-0 and with the Raiders threatening to increase its lead, Viking defensive back Jamey Radebaugh picked off a Charlevoix pass in

Vikings

(Continued from Page 1)

the endzone to kill a drive and give Grayling the break it needed.

John Junttila's eight yard pass to Billy Roach capped the Viking drive that lopped almost eight minutes off the clock and pulled Grayling to within a single point. The gambling Vikings went for two and made it work to take the lead when Junttila found Roach open again in the endzone and at the halftime breather the Vikings were out ahead, 8-7.

Charlevoix moved into Viking territory the third quarter but Rayder QB Scott Kelly was disengaged from the pignin and Craig Collen fell on it for Grayling.

The Vikings capitalized on the turnover when eight plays later Junttila rolled out and scampered 17 yards to paydirt to make it 14-7. Junttila's pass for two points was incomplete but the Vikings had a touchdown bulge.

A gallant defensive stand with Charlevoix threatening on the Viking 10 yard line saved Grayling but the Red Raiders came right back to tie at the 7:35 mark of the 4th quarter following a Grayling fumble. Kelly carried it in from 13 yards out and the point after knotted the score at 14-14.

The Raiders threatened to put it away with just 52 seconds left but Chris Conklin forced a Rayder fumble and Brad Trenary covered the ball on the Viking one yard line to snuff out the rally.

But hopes dimmed when Charlevoix scored on its first overtime possession and were extinguished altogether when a Viking fumble was covered by the Raiders on the last play of the game.

TAGGING THE VIKES: Grayling ran for 110 and passed for another 101 yards for 211 total offense on Friday...

Junttila was nine for 21 and a TD. Roach again was a favorite target with four receptions, including the TD and two point conversion. Terry Norman shared two for 24, Ted Methner, 3 for 24 and Dan Lucksted hauled in one for 32. Tracy Fagan hauled in what would have been the tying TD pass in the endzone when the Vikings had the ball in overtime but a costly clipping penalty set the Vikings back...

Bill Fairbotham led the Viking ground game with 34 yards in 10 carries, Methner had 26 in 9 carries and Lucksted ran seven times for 25 yards...

Charlevoix rushed for 208 and passed for 36 more for 244 yards total offense...

"The kids went up and played their best game of the year," Head Coach Klinger said afterward, "we just couldn't get the big break we needed to score again in regulation play..."

The coach said Junttila played a tough game all the way behind good blocking by the offensive line, including Jack & Joel Money, Craig Collen, Jay Schrader and Roger Weatherly. Fairbotham, Methner and Lucksted all provided good offensive support as well, the coach noted...

Klinger also credited the entire defensive unit for heads-up play, coming up with a number of key plays causing Rayder turnovers. The coach said the defense was charged early in the game to effectively cut off the Charlevoix's running game...

Jeff Kea and Jim Hill tallied TD's for the JV squad on Thursday in its win over Charlevoix.

Mrs. Corden Crosby is a patient at St. Luke's Hospital in Saginaw where she underwent surgery. Her room number is 560 and she'll be there yet for at least two weeks.

After spending 21 days in Mercy Hospital, June "Pat" Madsen went home for 3 days with her mother, Thursday, Oct. 9th, she again was taken by ambulance back to the hospital heart unit. We wish her a speedy recovery.

Saturday evening, October 11th, friends & neighbors, hosted a dual celebration in honor of Arnold Schilbe's 83rd birthday and a surprise celebration for Herman & Dolly Tews 40th. wedding anniversary. Thanks to a power failure, the cocktail hour was extended, followed by a potluck buffet dinner which was enjoyed by all, especially Arnold, Herman & Dolly.

Celebrate 25th

Saturday, September 20, 1980 Wayne & Barbara Helm of Holly were Host & Hostess at a surprise buffet luncheon in honor of Earl & Noriene Cooper's 25th. anniversary given by their daughter Charlene Savallisch, Grayling; their sons & wives, Gary & Judy Helm, Jackson; Edward & Linda Helm, Marshall; Wayne & Barbara Helm, Holly; and 13 grandchildren. The Cooper's reside in Beaver Creek. Over 100 relatives and friends attended, many they hadn't seen for many years. Earl's mother, Bernice Cooper of Flint, and Betty Cooper of Pontiac, Noriene's maid of honor were both present.

A champagne toast was given by their son Gary, with Diana, Wendy & Tammy Savallisch serving punch and a beautiful four tier cake made and decorated by Charlene. They received many lovely gifts and enjoyed dancing in the evening.

Then on Tuesday evening, September 23, in Grayling an open house was held in their honor by their daughter Charlene at the dinner Bell Restaurant, with coffee, punch, cake & jello being served. Again they received many lovely gifts.

Crawford County's Prosecuting Attorney

Alton T. Davis

Four years ago, the law enforcement apparatus of this County was not responsive to or meeting the needs of the citizens of this Community. With your assistance, changes were made.

Recognizing a primary responsibility to serve all of the residents of this Community, I promised to:

1. Act impartially, fairly and courteously toward all persons having business with the Prosecutor's Office;
2. To see to it that the innocent were protected, as well as that the guilty were punished;
3. To provide an efficient, vigorous and fiscally responsible program of law enforcement.

I HAVE DONE WHAT I SAID I WOULD DO:

- Each case and each person have been dealt with impartially, courteously and individually.
- Conviction rates and the volume of business handled have far exceeded my opponent's results each and every year.
- In a time of rampant inflation, Court costs have been reduced every year below expenditures during my opponent's last term.
- I have publicly explained each and every major decision I have taken where appropriate or where requested to do so.

I believe that the public perception of the local law enforcement effort has improved as a result.

Now, as I must, I request your vote of confidence on November 4th, in order that I may continue to represent each of you in the Prosecuting Attorney's Office.

Proclamation

National Handicapped Awareness Week
October 12-18, 1980

WHEREAS, all citizens of the (City of Grayling) regardless of their disabilities, have the right of equal access to employment, education, transportation, housing, recreation, public buildings and services; and

WHEREAS, these rights have been affirmed by legislation and judicial decrees in recent years, creating additional opportunities for disabled people; and

WHEREAS, the (City of Grayling) recognizes that public awareness is the key to realization of equal opportunities for our fellow citizens with disabilities; and

WHEREAS, NATIONAL HANDICAPPED AWARENESS WEEK, sponsored by the National Easter Seal Society and its affiliates since 1975 is intended to inform the public about the needs, rights and capabilities of handicapped Americans;

NOW, THEREFORE I, (Sandy Thompson, mayor,) do hereby proclaim this week of October 12-18, 1980 "NATIONAL HANDICAPPED AWARENESS WEEK" and call upon all citizens to join in eliminating environmental and attitudinal barriers which our disabled neighbors face so they may participate fully in all aspects of community life.

Dated this 10th day of Oct., 1980

St. John Lutheran Church News

On Sunday, October 20, a group from St. John drove to East Lansing for the Installation of Bishop Raymond Heine, LCA Michigan Synod, at University Lutheran Church. In attendance were Rev. Robert Haskel, Mr. and Mrs. Don Jansen, Mrs. Ingeborg Raae, Mrs. Marjorie Hildebrand, Mrs. Robert Speich, and Mr. and Mrs. Ole Hagen, Thomas Hindmann from Messiah Lutheran Church, Roscommon.

Sunday, September 27 was Pastor Exchange Day. Our guests were Rev. Richard Nelson from Lake City, while our Pastor Haskel was at his church.

On Monday, October 6, members of the congregation had a pot-luck chicken dinner in the family room at Church. This was a farewell to the Robert Speich family who leave for Lincoln, Nebraska on the 20th. Rev. Haskel opened the program with some congenial, loving remarks to the family. Peggy and Bob responded.

Our response to them was a joyous songfest, giving thanks to God for being together on such an occasion. We wish them a safe trip to their new location. Brian and Andrew have been active in the Youth group, Peggy has been our Church Treasurer, Bob has been a member of the Church Council. We shall miss them...Mrs. Don Sorenson was Hostess to the Ladies Circle on Thursday evening, October 9...The LCW will meet at the home of Mrs. Daisy Krage on Thursday afternoon, October 30...The Youth and Confirmation Group will meet at the Roller Arena, Prudenville, Sunday, October 26.

Woolgathering

by Jackie Bonkowski

"A camel is a horse built by a committee." I'm almost as fond of that statement as I am of the person who "laid it on me" almost three years ago. There's a heap of truth in it. One need only look at the inefficiency of state government, and the non-sense legislation which spills "out of committee" to become a "believer."

But there is a committee, a local committee, which deserves everyone's sympathy-if nothing else. That's the union negotiating committee of the Crawford County Board of Commissioners.

They just hammered out a three-year contract with the AFSCME union, which represents county courthouse employees. They did it against the backdrop of a county budget steeped in red ink, spiraling inflation, the threat of walk outs, and the ominous spectre of Tisch.

Caught between an obligation to keep the county solvent, and an obligation and desire to be fair to county employees, they cut the best deal they could. It took hundreds of hours, many of them unpaid, to end the stalemate and bitterness which has plagued the courthouse for more than ten months.

What they gave was more than they had, no doubt about it. It was a pound of flesh off a boney frame. But it was less than was demanded. It will undoubtedly require painful cuts in some areas to accommodate the settlement, but it will also keep the county running. Given the option of not running at all, and running with a limp; what would you do?

Another crisis averted—AIS. The recent unanimous decision by the Regional Mental Health Board to seek alternative sites for the controversial AIS homes

in Crawford County, should demonstrate for all of us where our real strength lies. There was, right or wrong, strong opposition to the placement of these homes. The opposition was heard, and heeded by our local representatives. They're now looking for alternative acceptable sites for these homes. They're bucking the bureaucracy on our behalf. They're also begging for our input. I'm afraid folks, it's time to "put up, or shut up". We can't elect'em, forget'em, and then expect them to speak for us. They're not crystal-ball gazers. If you have any constructive ideas, it's time to get in touch with your district representative on the Board of Commissioners.

Grayling 4-H Leader Dogs for the Blind

Our 4-H Club would like to take this opportunity to thank the Grayling Lions for inviting us to their State Convention at the Grayling Holiday Inn on October 5th.

We are very grateful to them for making the experience we had there possible & we would now like to share this experience with you.

At the close of the meeting we were introduced to someone very special—a blind man, Mr. Dick Dubin and his Leader Dog "Jim". Jim is 14 years old and has been Mr. Dubin's Leader Dog for 12½ years. He told us what it was like to be blind and how much it has meant to him to have a Leader Dog.

He said "One thing you learn when you get your Leader Dog is that you are not 'the Master' and he is not just 'a dog'...We are a Team. To me its like...I am the captain and Jim is the pilot."

We learned a lot from talking to Mr. Dubin and I think each of us took home a little something special...perhaps a new feeling of pride...a feeling which really makes all our efforts and hard work worthwhile.

MSU candidates for the summer term include 1,382 bachelor's, 60 Master's, 139 doctoral, 23 educational specialists, 10 doctors of osteopathy, 2 doctors of medicine and 1 doctor of veterinary medicine.

Middle School Girls Basketball

The Grayling 8th grade girls traveled to Gaylord last night and continued its unbeaten string by taking two from the Gaylord Blue Devils. The "B" team won 21-4, turning in another fine defensive effort. They have only allowed 7 points to be scored on them in their first 3 games. The "A" team had a little tougher time of it winning 21-19. They were down by 4 at half time, but came back in the final quarter with some clutch free throws by Gina Medley, Lisa Solomonson, Michelle Barber. They also showed some fine hustle in the final quarter. The girls record is now 7 wins and 0 losses. Scoring for Grayling:

| | |
|-------------------|---|
| "B" Team | |
| Kris Laudenslager | 5 |
| Vickie Kea | 4 |
| Dawn Phelps | 4 |
| Shari Chapin | 2 |
| Heidi Derezny | 2 |
| Shannon Kraycs | 2 |

| Gina Medley | 4 |
| Michelle Barber | 3 |
| Carol Longworth | 2 |
| Audra Small | 2 |
| Tracy Hull | 1 |
| Coach Dan Ullery | |

The 7th grade girls lost their "B" game against Gaylord with a score of 16-14. Stacey Campbell scored 6 points. The "A" team won 34-10 with Kim Springer, Tina Meldrum, and Lisa Spina all scoring 8 points each. The overall record for the seventh graders is 5 wins 2 losses.

A Month's Worth of Energy Saving Tips

1. An insulated attic keeps heat in.
2. Close curtains when it's cloudy or dark. Open when the sun's shining in.
3. Partially pre-thaw frozen foods to reduce cooking.
4. Idling your car for more than a minute to warm it is senseless.
5. Iron large batches at a time to avoid re-heating iron.
6. Rinse dishes with cold water.
7. Always turn off lights when not in use.
8. Install storm windows.
9. Avoid changing thermostat settings more than twice a day.
10. Empty vacuum cleaner bag frequently. Full bag reduces suction, prolongs use.
11. Weather stripping saves heat, stops drafts.
12. Open doors only when necessary, close promptly.
13. Run dishwasher only when full.
14. Carpool. Two people per car cuts fuel in half.
15. Use clothes washer and dryer cooler cycles whenever possible.
16. "No-iron" sheets and apparel cut down electric iron use.
17. Radial ply tires can give 6% better gas mileage.
18. Don't open bedroom windows unless you shut off heat and close door.
19. Don't pre-heat your oven more than 10 minutes.
20. Lower thermostat to 55 degrees when away from home.
21. Plan menus to use foods that cook well at similar temperatures.
22. Insulated or lined draperies reduce heat loss.
23. Let cooked food cool before refrigerating.
24. Cut down on short trips. Cars use 70% more gas on short trips.
25. Have your heating plant checked. Worn units waste fuel.
26. Use cold water to operate food disposal.
27. "Instant-on" TV sets are always on. Unplug when not in use.
28. Broiled meats cook faster, save energy.
29. An auto engine tune-up saves 15%-20% in gasoline.
30. A window fan uses just one-tenth the electricity of an air conditioner.
31. Kitchen exhaust fans remove heated air as well as odors. Use only when necessary.

Ann Kiemel to Speak at Win-Some Women Retreat

speakers in America. On her numerous travels, she will find herself sitting next to someone and loses no opportunity to share with them. "Hi, I'm Ann. Jesus is my friend. He laughs with me, and cries with me, and walks lonely roads with me." It is seldom she meets with a rebuff. Few refuse gold when it is so freely offered. Love is the currency in which Ann trades, and the need for love is at the core of every human heart.

The 9th annual women's retreat will be held at the beautiful Boyne Mountain Resort on Friday, November 7th and Saturday, November 8th. The retreat will provide an opportunity to join with other women for inspiration, fellowship and encouragement.

Ann Kiemel from Boston, Mass., and Bob Benson from Hamitage, Tenn. will be the featured speakers. Whether Ann is, talking to a crowd of people in a large auditorium, one person in a hospital corridor or private apartment, her approach is unique. Rather than person to person, it's soul to soul, as Ann shares her love and commitment to Jesus Christ, with childlike simplicity and honesty.

Since she was a small child growing up in Hawaii, she has felt the living presence of Jesus inside her—guiding her, laughing with her, crying with her.

Ann's books, "I'm Out to Change My World", "It's Incredible", and "I Love the Word Impossible", describe to the reader her day-to-day encounters with people while illuminating her courage, faith and sense of humor. All three books are understandably among the top best-sellers in inspirational literature.

Road Commission Minutes

September 19, 1980

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Chairman Richter presiding. Present were: Chairman Ervin Richter, Commissioners Grover Cason and Gloria Kraus, Engineer-Manager John Keir and Secretary Lorna Bernard. Absent: None.

The minutes of the last regular meeting were read. Commissioner Cason made a motion to accept the minutes as read, seconded by Chairman Richter. All voted in favor, minutes approved.

Engineer-Manager Keir reported to the Board about the request for a guard rail at Seven Mile and Military Road. After a review of the physical characteristics and discussion, the Board determined that it is not considered a high priority item.

Engineer-Manager Keir discussed with the Board the bid for winter sand awarded to Jack Millikin, Inc. in the amount of \$1.95 a cubic yard. Also, the Board determined that the Road Commission employees will haul the sand.

Engineer-Manager Keir reported to the Board that the paving of Skyline Road was completed this week. The Board instructed Engineer-Manager Keir to bill the Township, Skyline Ski Club and General Telephone Company for their portions of the project upon completion of shoulder work.

Engineer-Manager Keir reported to the Board the price quote for gravel from Lake Construction. The Board determined that the gravel price was relatively high and another source would be sought.

The Board recessed for lunch, and before returning to the office went on a tour of Skyline Road and Old 76 at White Pine Drive.

Upon returning to the office, the Board instructed Engineer-Manager Keir to order signs for the North Down River Road that has been designated as F-32 from the Oscoda County Line to I-75 Business Loop.

The Board discussed the upcoming Open House of the Road Commission and decided that it would be on November 7th in the afternoon, and that notices would be sent out regarding the date and time.

At the request of Harold Mertes, Frederic Township Supervisor, Barkley Road (Royal Coachman Drive) had been inspected. Engineer-Manager Keir reported the ride was fairly smooth.

The Board reviewed estimated incomes projections for the last quarter of 1980 and calendar year 1981. Concern was expressed over a likely decrease of over 10% for the last quarter and 5% to 10% decrease next year. Further information about the Motor Vehicle Highway Fund will be considered during preparation of the 1981 budget.

There being no further business, a motion was made and supported to adjourn. All voted in favor, motion carried, meeting adjourned.

Lorna Bernard, Secretary

September 26, 1980

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Chairman Richter presiding. Present were: Chairman Ervin Richter, Commissioners Grover Cason and Gloria Kraus, Engineer-Manager John Keir, Acting-Secretary Joanne Turner. Absent: Lorna Bernard, Secretary.

The minutes of the last regular meeting were read. Commissioner Cason made a motion to accept the minutes as read with corrections, seconded by Chairman Richter. All voted in favor, minutes approved.

Sheriff Joe White appeared before the Board with information regarding drastic budget cuts in the areas of Secondary Road Funding and in the Fire Marshall Division. His concern of a 75% budget cut in Secondary Road Funding would affect this county. After Sheriff White left, the Board held a discussion and decided to pass the following Resolution:

The Crawford County Road Commission today has unanimously passed a Resolution requesting that you, as our representative, oppose the Bill 416 of a 75% reduction of Secondary Road Funding.

We are also totally opposed to Senate Bill 981 reducing funds of the Fire Marshall Division.

Motion was made by Commissioner Kraus, seconded by Commissioner Cason. All voted in favor. Resolution sent to State Senator Mitch Irwin and State Representative Ralph Ostling on this date.

The Board discussed a complaint received from Frank Nichols regarding property stakes that were lost during installation of a storm drain on North Down River Road. The Board suggested that Mr. Nichols contact Jerry Morford, City of Grayling Manager for replacement, due to the fact it was a city project.

Engineer-Manager Keir informed the Board that the brine tanks have been received. The Board instructed him to contact various companies for price quotes for an epoxy coating on the inside of tanks which could double the life of a brine tank.

Engineer-Manager Keir informed the Board that he has not received a price quote on brine tank repair at the Martindale Well, but expecting a letter next week.

Engineer-Manager Keir informed the Board, also, of the need for a spare Do All light chain. The Board authorized the purchase for our inventory.

Vouchers Number 635 through 638 in the amount of \$87,544.80 were presented to the Board and approved for payment.

Payroll Voucher No. 20 was also presented to the Board in the amount of \$23,719.87. All voted in favor, voucher signed.

Engineer-Manager Keir informed the Board of the Association of Southern Michigan Road Commissioners meeting to be held in early November.

A discussion was held regarding a claim letter received which had been forwarded to our insurance carrier. The Engineer-Manager also informed the Board of the need to rent a cutter for shoulder work to be completed on Skyline Road. Requested authorization was given.

The Board recessed for lunch and upon returning convened their meeting with a complaint of a landowner placing a fence across a county road. The landowner was advised at the May 4, 1979 Board meeting to request abandonment and not to take matters into his own hands. Engineer-Manager Keir was instructed to contact him in regards to removing the fence.

The Board discussed the Four Mile Road Project. The Board instructed Engineer-Manager Keir to contact Local Government and the County Treasurer for initial costs and commitments.

The Board also instructed him to contact Ron Hernke, Engineer to receive a detailed breakdown of our engineering bills to properly spread primary and local road project costs.

The Board received a questionnaire regarding Workmen's Compensation Insurance and instructed staff to supply the requested information.

Engineer-Manager Keir informed the Board of a meeting with union representatives, Attorney Dossan and the State Mediator.

There being no further business, a motion was made and supported to adjourn. All voted in favor, motion carried, meeting adjourned.

On affluent avenues like this one . . . and on the more modest streets and lanes as well . . . people leave and people come. For all of them, moving is a traumatic experience that touches deep chords of family life.

Psalms 121 was originally written as a "pilgrim song" for those journeying to Jerusalem to celebrate religious festivals. Perhaps its message is just as appropriate in our moving experiences . . .

The Lord shall preserve thy going out and thy coming in from this time forth and even for evermore.

Part of getting one's bearings in a new neighborhood is finding a place of worship where the family will continue or renew its spiritual life. There will be new friends there eager to welcome you . . . and to share with you their faith.

entertainment beginning at 7:00. Price of admission is \$2.50 per person and tickets will be available at the door.

In conjunction with the travelogue, the Grayling Holiday Inn will present a specially prepared Norwegian buffet. In this way, travelogue viewers can get an added dimension into the country they will be visiting by film. Those people who own season tickets to the travelogue series will receive a discount on their dinner. In addition, the Grayling Holiday Inn will also provide free transportation to the auditorium and back so there will be no need for anyone to drive extra to participate in both events. Travelogue season tickets are available at the Grayling Community School Office which is located at the High School.

GHS Fall Play

Summertime, a play that won glowing acclaim on its presentation in New York City in 1968, will be the fall offering of the Grayling High School Players.

The action centers literally and symbolically around a huge tree in the backyard of a typical, middle-class American family. At its foot, an unnamed young man is remembering his childhood, and his college days, while he lies dying from wounds received on the battlefield in the Vietnam War.

Junior Mark Hamilton will have the leading role of this Young Man. Senior Steve Kucharek will be seen as the young man's stern father, senior Gussy Konopnicki as his overprotective mother, and junior Cathy Diedrich as his girlfriend. Junior John Watkins plays a fellow soldier and 7th grader Kevin Reynolds was drafted from the Middle School to play the young man as a child.

Nancy Lemmen, of the GHS Spanish Department, is directing Summertime. She is assisted by sophomore George Morse as student director, and sophomore Tim Taylor as stage and lighting designer.

Summertime was written by Ron Cowen, who was only 22 years when the drama opened. The play won a Drama Desk-Vernon Rice Award in 1968, in recognition of its having been one of the major contributions to the New York theatrical season that year.

Summertime will be performed for area audiences on Thursday, Friday, and Saturday, November 13, 14 and 15, at 8:00 p.m. in the Joseph Stripe Auditorium at Grayling High School. Tickets, at \$2.00, may be purchased at the door.

Do you ever get the feeling that disco dancers are people who are trying to scratch an itch without using their hands?
